

Flu Vaccine Myths Infographic or Video Challenge

There are a lot of myths about the influenza vaccine. I challenge you to set the record straight on the facts of getting your flu vaccine by either making an infographic or a video. The goal is to dispel any myths that might keep people from getting their flu shot every year and encourage people to get a flu shot.

Must include:

- At least 5 myths/facts about the flu vaccine (ex: egg allergy doesn't exclude you from getting the vaccine, minimum age, illnesses that exclude getting a flu shot, etc)
- Video must be a minimum of 30 seconds
- May only do a video **OR** an infographic
- Must be posted on chapter social media page(s)
- Post must include #SNPhAOI #VaccinesCauseAdults #SNPhAVaccinates #SNPhA2020Vision
- Infographic must include both the OI logo and the L.E.G.A.C.Y. logo (found on the SNPhA website)
- Must be posted and submitted to CIC by **September 30th, 2019 @ 11:59pm EST.**

Action	CIC Points
Infographic <ul style="list-style-type: none">• Submit the infographic and a screenshot of the post	150 points
Video (minimum of 30 seconds) <ul style="list-style-type: none">• Submit a link to the video/post	300 points
